6700U Series

POS Bench Scales

6702U shown with optional tower
6" x 10"

6710U shown with optional bracket
10" x 10"

6720U shown with internal display and optional external display and 7' extension cable
12" x 14"

This NSF approved scale ensures that the product and facility where the product is made meets NSF standards for food safety. It has gone through extensive testing to meet strict standards for public health protection. These capabilities are not found in many entry level kitchen/catering environments while also offering lasting performance.

The 6700U Series Point of Sale Scale saves time and money at the register. Get accurate weight measurements every time, saving on ingredient costs and maintain product quality. The innovative "touchless" zero mechanism increases operator efficiency and greatly extends life of the scale and enhances food handling safety. Simply wave your hand over the display to zero the scale.

The 6700U interfaces to electronic cash registers and most POS computer terminals and point of sale software. Multiple communication protocols via USB or RS232 allows communication to other electronic devices. The optional external display allows the customer to view the information at the same time.

Accuracy

≤ 0.01%

Capacity

5 lb / 2.5 kg, 15 lb / 7.5 kg,
30 lb / 15 kg, 60 lb / 30 kg

Power

9 VDC, 600mA power adapter (AWT05-507975 US) with center positive (included) or USB (VCP) cable (not included)

Display

ABS plastic housing 0.58" / 15 mm digits high LCD display with blue backlight. Wall/rail bracket included.

Construction

6702U/6710U: Aluminum plate understructure and stainless steel platter
6720U: Heavy duty cast aluminum X shape support and stainless steel platter

Operator Keys

General (trade-approved) and customizable weighing modes, preset and touchless tare options, and configurable communication protocols: Print, NCI, ECR, PS60, and Sharp emulators

VALUE IN WEIGHING

6700U Series POS Bench Scales

Specifications

Unit: lb, oz, lb/oz*, kg, g (*non-NTEP)

Easy-to-Install: Bi-directional nine pin RS232 and USB port.

Interfaces to most electronic cash registers and point of sale software

NSF Approved: Making it ideal for use within most food processing environments

Interface Protocols: NCI, ECR, 8213 (Sharp), EH (PS60)

Quick Disconnect: Makes all cable connections easy

"Touchless" Tare: Just wave or place your hand over the display to zero the scale. Electronic mechanism enhances food handling safety.

Check Weighing: OK annunciator with alarm

Count Weighing: Piece counting

Hold: Positive peak, negative peak, average hold and auto hold

Auto Zero Tracking: Zero light indicator and manual control when out of range

Zero Range: Selectable up to full scale

Alternate Calibration Points: Allows use of less than full capacity weight for calibration

Auto-Compensation: Local gravity effects to avoid initial calibration with test weights

Adjustable Filter Settings: Reduce environmental vibration noise for rapid setting and quick measurements

Communication: USB (VCP) and nine pin RS232

Remote Display Enclosure (6702U/6710U) (L x W x H):
2.4" x 5.8" x 1.1" / 62 mm x 148 mm x 29 mm

Adjustable Height:

6702U/6710U: 2.75" - 3.25" / 69 mm - 82 mm

6720U: 3.5" - 4" / 88 mm - 101 mm

Shipping Weight:

6702U 9" External Display: 8.5 lb / 3.8 kg

6710U 9" External Display: 11.2 lb / 5.10 kg

6720U Internal Display: 13.7 lb / 6.2 kg

6720U 7" External Display: 13.7 lb / 6.2 kg

Certifications: NTEP 13-074*, Measurement Canada AM-5912C,

CE/UKCA, ETL power adapter, NSF/ANSI standard 169

*Counting function non-trade approved

Model/Capacity*	Part Number	Platter Size	lb	lb/oz*	oz	kg	g
