Model C3236

Washdown Check Weigher

The C3236 is a fully washdown, stainless steel scale ideal for most general purpose weighing, check weighing or portion control applications. Designed for speed and efficiency with limited operator training required, the C3236 is ideal for applications where food preparation or portion control accuracy is essential.

General Weighing Mode: The clear, easy-to-read display allows operators to quickly and easily view weight data before pressing tare between ingredients.

Check Weighing Mode: Ideal for repetitive weighing applications. It can easily be set so the operator can quickly tell if the weight is within a known tolerance with the low, accept, high annunciators and audio alarm.
