SBI 110

LCD Digital Indicator

The legal-for-trade SBI 110 Indicator is a very low cost, simple to operate weight indicator designed for use in a wide range of applications (weighing, counting, and check weighing). This compact indicator is housed in a robust ABS plastic housing and is supplied complete with a mounting bracket, that is ideal for pole or bench mounting.

The SBI 240 Indicator can easily be connected to any bench or floor scale with a maximum of up to four 350 ohm load cells.

The easy-to-read seven digits 40 mm (1.6") high, seven segment LCD with white backlight ensures accurate readings.

AC or battery powered indicator with up to 107 hours of battery life. Ideal for areas where continuous power may be hard to find. The SBI 110 indicator also has a number of auto off power saving features to help extend the battery life even further.

Divisions

NTEP approved for 5000d, Class III

Display

Seven digits 1.6" / 40 mm high, large seven segment LCD with white backlight

Power

Rechargeable battery and AC mains powered

Weighing, counting, check weighing and accumulation

Construction

Robust ABS plastic indicator housing with adjustable pole brackets, desk and wall mount feet

Annunciators

-0-, motion, gross, net, tare, pcs, low, ok, high

VALUE IN WEIGHING

SBI 110 LCD Digital Indicator

Specifications

Construction: Robust ABS plastic indicator housing with adjustable pole brackets, desk and wall mount feet

Display: Seven digits 1.6" / 40 mm high, large seven segment LCD with white backlight

Operation Keys: Print, Select, Zero, Unit, Tare (x2), On/Off

Functions: Weighing, counting, and check weighing

Load Cell Capability: Can run up to four 350 ohm load cells

Excitation: 5 VDC up to 55mA

Indicator Connection: Seven pin quick release connector (included)

Annunciators: -0-, motion, gross, net, tare, pcs, low, ok, high

Calibration: Front panel accessible

Power: 12V 1a, 110-320V switch mode external power supply

Battery Life (One Load Cell): 107 hours with backlight always on

Operating Temperature: 107 hours with backlight always on

Dimension (L x W x H):
9.6" x 6.9" x 3.3"
245 mm x 175 mm x 110 mm

Shipping Dimension (L x W x H):
14.3" x 8.4" x 6.1"
365 mm x 215 mm x 155 mm

Shipping Weight: 4.7 lb / 2.1 kg

Certifications: NTEP COC #18-125, FCC, Prop 65, CEC, UL approved power adapter

Options:
RS-232 card with port kit (AWT15-501905)
