

235 Series

Mechanical Hanging Scales

Designed and perfected by Salter over 250 years ago, these classic mechanical hanging scales continue to provide outstanding reliability over many years of use.

Built to last, the 235 Mechanical Hanging Scale is manufactured using the highest-quality materials and engineered to deliver well over one million weighments during its service life.

All vital internal components are made from rust- and corrosion-proof materials, ensuring maintenance-free operation and long-term durability.

Available in a wide range of capacities from 5 kg to 200 kg, the 235 offers easy-to-read dial markings to suit different applications.

Widely used around the world, the 235 series is ideal for world aid agencies, retail shops, food markets, and industrial and agricultural environments.

Accuracy

Within $\pm 0.4\%$ at full load

235-6M: 10% zero adjust

235-6S: 15% zero adjust

Construction

Both feature a shatterproof UV stabilized polycarbonate dial cover, protecting the dial from impact and ensuring safe, reliable operation.

Durability: Over 1,000,000 weighing cycles.

235-6M: Metal case, corrosion resistant

235-6S: ABS plastic housing

Capacity

5 kg x 20 g

10 kg x 50 g

25 kg x 100 g

50 kg x 200 g

100 kg x 500 g

200 kg x 1 kg

Display

Enhanced readability with a 150 mm diameter ultra-white ABS plastic dial and black graduations, ensuring maximum visibility even in low-light conditions.

235 Series Mechanical Hanging Scale

Specifications

235-6M

Compact, robust 150 mm (6") dial in a traditional metal case with a shatterproof polycarbonate cover.

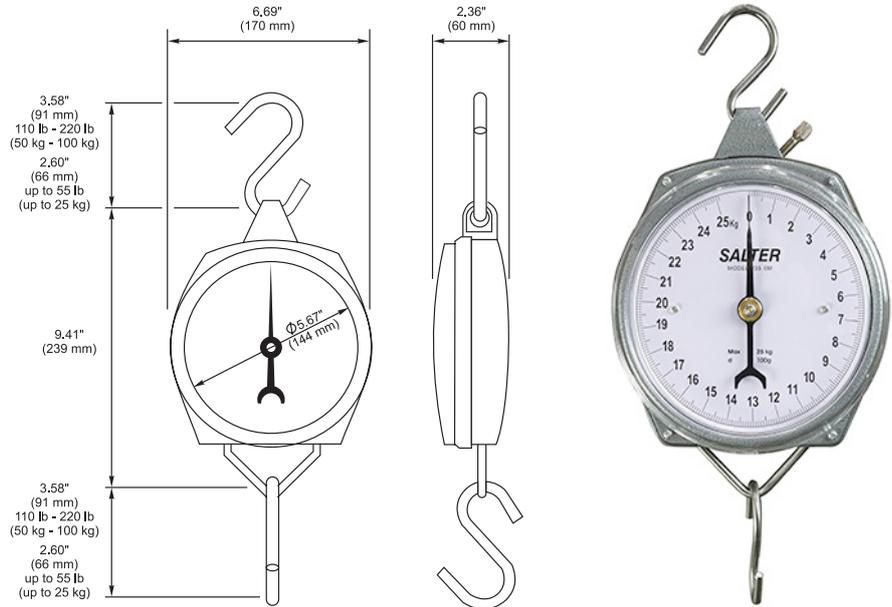

Maintenance-free weighing elements made from corrosion-resistant materials. Accurate to 1 division (0.4%) at full load with up to 10% zero adjustment. Supplied with stainless steel top and bottom hooks. SWL 100%. Durability: Over 1,000,000 weighing cycles.

Capacity:

- 10 kg x 50 g
- 25 kg x 100 g
- 50 kg x 200 g
- 100 kg x 500 g
- 200 kg x 1 kg

Packing Dimension (L x W x H):

- 210 mm x 200 mm x 80 mm
- 8.2" x 7.8" x 3"

235-6S

Compact, robust 150 mm / 6" dial housed in a tough, ergonomic ABS plastic case with a shatterproof polycarbonate dial cover.

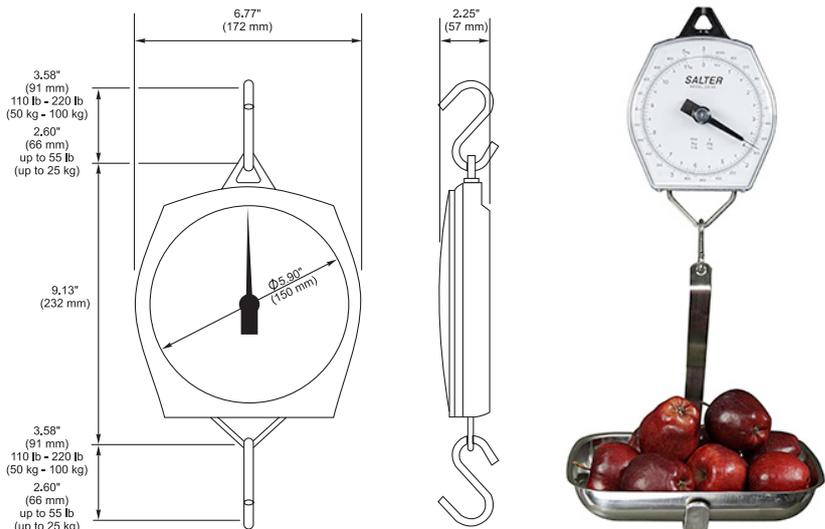

Maintenance-free weighing elements made from corrosion-resistant materials. Accurate to 1 division (0.4%) at full load with up to 15% zero adjustment. Supplied with stainless steel top and bottom hooks. SWL 100%. Life cycle: Over 1,000,000 weighing cycles.

Capacity:

- 5 kg x 20 g (dual marked with oblong pan)
- 10 kg x 50 g
- 25 kg x 100 g
- 50 kg x 200 g
- 100 kg x 500 g

Packaging Dimension (L x W x H):

- 210 mm x 200 mm x 80 mm
- 8" x 7.8" x 3"
